

Creative Curriculum:

Our topic this term is 'Food Glorious Food'. We will be learning about where our food comes from and what makes a healthy diet. We will be looking closely at different fruits and carefully drawing them to produce some Andy Warhol style prints. We will also be looking at the different teeth that different animals have and their function.

Maths:

In numeracy we will be focusing on our written methods for addition, subtraction, division and multiplication. We will also be learning about fractions. Relating to our food topic we will also be creating some graphs and charts about favourite foods. Additionally we will be working on our mental mathematics skills to raise our confidence and speed when solving problems in our head. We will also be looking at our reasoning skills.

Home:

You can help your child at home by:

Listening to your child read: 10 minutes per night is perfect!

Helping your child to learn their spellings each week.

Encouraging your child to practice their times tables.

Encouraging children to handle and use money and work out change when shopping.

Check that your child completes their Learning Log and Thinking Journal tasks.

Literacy:

We will be focusing on writing a range of different text types relating to our food topic including shape poems. We will be finding out about different authors and writing letters to them in the hope of receiving one back!

Welcome to Year 3

Summer Term 2015

Mr Rust

Mrs Groves

Miss Smith

Mrs Ward /Mrs Burrows
